

WHAT YOU NEED TO SET UP THE PULSE 2 HUB WI-FI BRIDGE & APP

AUTOMATE™
Pulse 2

1. 2 or 3 Prong or USB Outlet to power Pulse 2 Hub (31" long, 5v cable).
2. A device (phone or tablet) connected to the wi-fi router on a 2.4 GHz network to run the Pulse 2 App.
3. Download the Automate Pulse 2 App and set up your account prior to your installation date.
4. iOS and Android compatible.
5. The wi-fi password for your 2.4 GHz channel *or* a router to connect the hub to the internet. Hub setup has to be on 2.4 GHz, but phone/tablet can be moved to 5 GHz after setup.
6. Additional devices can be added later.
7. Shades must be installed to connect to the Hub and App.
